Hi Jacek

The parcel we sent to you should have had a CN22 label attached to the front, this is for goods with a value of less than £250, the CN23 label is used when the goods exceed £250.

Hi Jacek

I am sorry to hear that. It appears that each country has their own associated charges. I am not sure if there is a way to make it more economical for you, such as split orders into smaller quantities or bulk them together so you have only one charge?

Best regards

Ryan

Hi Ryan

I have a problem ☹

The sensor has not arrived yet because it has been sent to the customs office.

Now there will be customs clearance and I have to pay for it + VAT.

It will take a few more days.

The customs duty is zero, but the customs clearance activities are about 20-40 pounds each time.

There will be also delays in delivery.

Do you have any idea?

Best Regards

Jacek
