Dear Sarah,

i hope you and all your colleagues and families are healthy and well on?

I need some new sensors. Could you send me:

25x R-17AV

25x R-21A

What additional information do you need now for exporting to EU?

EORI-Number: DE435988649431250

Are there any major price changes? Customs clearance?

Gruß,

Christian Rose
