Hello Kate,

Thanks for your quick response. Yes we would like an official quote please.

I understand that you may not be able to supply 5 MX300-I. Please provide a quote for as many as you have in stock at the moment (up to 5) and we will place a future order for the remainder.

Quantities of the accessories required is:

12x ref 0121182 V Mount Pole Clamp - Large Clamping Width: 16 - 40mm

5x ref 0110017 R-17MED oxygen sensor

2x ref 0131202 - sensor cable

10x ref 0121213 removable mounting plate (V mount adapter) with screws*

*These will allow us to replace our existing universal mounting clamps which are breaking with the V mounts.

Many thanks.

Kind regards,

Juliana

Subject: Re: Quote for Teledyne oxygen analyser model MX300-I, King's College Hospital

Good afternoon Juliana,

Thank you for your enquiry.

The prices are as follows:

MX300-i 0111235 £440 each (includes 1 x 0110017 oxygen sensor)

Please note we are unable to obtain more stock of these once our stock is depleted. We may not be able to supply five.

There is a choice of two pole clamps, I have attached a leaflet for your information. The prices are as follows:

0121181 V Mount Pole Clamp - Small Clamping Width: 14 -25mm £36.75 each

0121182 V Mount Pole Clamp - Large Clamping Width: 16 - 40mm £42.00 each

0110017 R-17MED oxygen sensor has the following price breaks:

1 = £ 42.00 each	2 = £ 38.00 each	3-10 = £ 36.00 each	11 or more = £ 34.00 each
------------------	------------------	----------------------------	---------------------------

0131202 - sensor cable is £20.00 each

I can of course issue an official quotation but would need to know which pole clamp you require.

Carriage would be a maximum of £10 and all prices are exclusive of VAT.

Please let me know if I can be of any further assistance.

Many thanks.

Kind regards

Kate Griffiths

Good afternoon,

Could I have a quote for 5x MX300-I with pole mounts please.

I also require a quote for 5 extra oxygen sensors ref 110017, 2 extra cables ref 131202 and 5 additional pole mounts for this model analyser.

Many thanks.

Kind regards,

Juliana Williams
