Hi Ryan

Please can I order 2 sensors for Cyprus. I need

2 x R-22At (the Oxygen sensors for the ATA trimix analyser 😊)

Last time they were delivered by courier. We are still having trouble with the local post, so if you can send by courier again, that would be fantastic.

Thanks for your help

Peter

Hi Peter

I am really sorry for the late reply. We were a bit understaffed last week and quite a lot of back orders to try and get out. Please find a copy of the your updated proforma invoice attached, if you can confirm everything is okay, we will give you a call for your cc details.

Best regards

Ryan

Hi Peter

Thank you very much for your email.

Please find your proforma invoice attached. I have added the transport by UPS at the most cost effective service offered to Cyprus. Please let me know if you have any questions or if you require any amendments?

Sometimes couriers have difficulties with PO Box numbers, do you have a full address that we can use if you decide to proceed?

Please let me know if you proceed with payment and I will arrange the goods for dispatch.

Best regards

Ryan
