Good afternoon,

Thank you for your reply.

Unfortunately the lead times are longer at the moment as manufacture is still prioritised towards sensors for ventilators and CPAP devices for the fight against the pandemic. The UFO PCB is not normally a stock item so will always have a lead time.

Moving forward, if you have a regular requirement we could try and carry stock but would need some kind of expected numbers in advance.

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal
