Dear Sissi

Please accept my reply to your email.

R-17S1 - We have 1x available from stock.

805-815-4044- I am not familiar with this part number, please can you give me more information?

The R-33D was replaced with the R-33S a number of years ago. The R-33S is the same output as the R-33VAN, but it is a different sensor. please see the attached pictures. Please can you confirm if you would like a R-33S or R-33VAN adding to your order?

I will await your reply.

Best regards

Ryan
