Dear Dimitrios,

Thank you for your email.

The cost of shipping via air is considerably higher. For this order to be shipped via air (Express Saver) it would be €258.91.

Are you happy for me to add this to your proforma invoice?

Kind regards

Hi Sarah,

Please send me the attached proforma invoice with air, not ground shipping at your earliest convenience. Ground shipping takes a lot of time, and it doesn't work for us.

Please also note that from now on we prefer our orders to be shipped by air.

Thank you for your time and efforts.

Best regards,

Dimitrios

Hi Sarah,

Thank you for the proforma. Following the communication of Steve with Apostolos (see below), I presume that this proforma will be paid just before our order's shipment. Please confirm that and also the fact that you have already placed this order.

In principle we do not have a problem in maintaining a stock of 50 sensors for you.

I can also confirm that the payment terms of your account are on a pro-forma payment basis. Can you please let me know if you wish to proceed with the proposed new order (200 **sensors**) and thank you for the forecast of 500 sensors for the remainder of 2021.

Best regards,

Dimitrios
