

MANUFACTURING PROCEDURES FOR THE TEMPERATURE PROBES

The following procedures have been devised for use, by the production technician, on all of the Temperature probes. These are not for use by, or distribution to, Customers.

Part No.	Description.	Procedure
0210 Series	Temperature Probes	VM3COP 34.10 to
		VM3COP 34.60

N.B.: One sample of the Procedures is displayed in the CE File for information only.
