Dear Sir/Madam,

During the winter I was unable to place an order as you have never replied to some of my emails.

Please let me know if you have available the following items and if you can send them to Greece asap.

1. Item reference: 7910101 - Oxygen Analyser - VN202 MK2 + Quick Ox
2. Item reference: 0110217 - Oxygen sensor R-17VAN

I need one of each item and I can transfer the money now.

Thanks a lot,
