Dear Sarah,

Please send everything by UPS Standard. Insurance is not needed. By Polish law UPS is responsible for parcels anyway once invoice is attached and value is declared. Please make sure it will be one invoice listing all items in the box. I'm sorry but UPS does not like when stuff is put on a few invoices.

Dear Piotr,

Thank you for confirming.

I have now processed your order. Once Cathy has given me the weights and dimensions, I can provide you with a price for UPS Standard and UPS Express Saver so you can compare with TNT.

We will also check date codes and if any sensors have an older date, I will let you know.

If you do not hear from me today, I will email you first thing Monday morning with all the information. Is this OK with you?

Kind regards
