Subject: Oxygen Sensor - R17-Med (Viamed Part no 0110017)
To: enquiries@viamed.co.uk <enquiries@viamed.co.uk>

Please could you give me a price for 1 off R17-Med Oxygen sensor - Viamed Part No 0110017, including delivery, to a UK address, please..?

Could you also tell me, the expected 'life' of these sensors...?

Thanks.

Regards,

IanMarks

Good afternoon Ian,

Thank you for your email.

The price for one x R-17MED sensor is £42.00.

There would be no carriage charge to a UK address.

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Zoey,

Thank you. So one R-17MED is £42-00, including VAT & delivery to a UK address...?

How do I order one, from you...?

Can you comment on the expected life question...?

Regards,

IanM

Hello Ian,

The price is £42.00 excluding VAT so the total of the order would be £50.40.

If you would like to order, please can you provide me with an invoice address, delivery address and a contact number and I will set an account up for you and send the proforma across.

Storage life of Teledyne oxygen sensors: The useful life of a sensor depends upon concentration of oxygen. If it is left inside the sealed gas barrier bag, its life expectancy should only deteriorate by 1/20th of its in air life per year. A shelf life of 1-3 years can be expected if sensors are stored correctly. The special gas barrier bag allows only a negligible amount of oxygen or moisture to pass through. It is not recommended that sensors are stored longer than absolutely necessary for warranty purposes. Sensors should retain 90% of their useful life after 24 months in the gas barrier bag.

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Please note: My working days are Monday to Thursday, 7.45am-6.00pm.

We are currently working remotely however telephone calls to the main office will still be answered.
