25 ties per bag

Standard

White nylon with a non-release ratchet lock action. Suitable for binding cable or components.

A range of competitively priced TyFast® cable ties. Designed with the OEM in mind, Tyfast cable ties hold down the fast and speed up cable fastening. The all nylon design lowers installation costs and provides low insertion forces.

The cable ties are manufactured from nylon 6/6 and perform well in most applications in temperatures ranging from -40°C to +85°C. The smooth edges prevent damage to wire insulation and the tails are turned up for fast assembly.

max. dia. (mm)	L.	W.	loop tensile strength (lbs)
