VM3COP27.37 – Office - Searching for Distributors

Related documents:

VM3COP20.72 The Systems
VM3COP20.081 Adding Amending Contact Records in the CRM
VM3COP02.1 Organisation Who's Who

Distributor or manufacturer searches are often requested via the 'Office Jobs' list, see VM3COP03.04. There will be a country and/or a product requested. E.g., 'Medical Distributor Search – Latvia' or, 'Manufacturer Search – V1000'.

Searching

Potential distributors can be found using several methods.

1. Use a search engine, e.g. www.google.co.uk
Searches could include, 'medical distributors Latvia', or an item in our product range 'pulse oximeters Latvia' or, 'capnograph retailers Latvia'
2. Use the relevant country's search engine and perform similar searches, e.g. Google in Latvia is www.google.lv
3. Use a translation service such as: <https://translate.google.co.uk> and translate searches in to the local language for the country being searched for. E.g. the most used language in Latvia is Latvian, use Google Translate to search for our product range; this is especially effective if using the country's search engine.

Copy and paste the translated text in to www.google.lv

When you find a company who appear to be a suitable potential distributor, they need to be entered in to IntraStats.
