Dear Natalia,  
Thank you for your purchase order.

We do have stock of these sensors.

Before I proceed with a proforma invoice, please can you advise if you will be adding any more products to this order? Weight and dimensions of the parcel will change each time stock is added to an existing order, so the freight charge may also change too. I request this information from our warehouse department, so it can cause slight delays in processing and issuing amended proformas.

Kind regards

Sarah Walton
