Here's what you need to do next

The [Global Shipping Programme](#) is the safe and easy way to sell internationally. Simply post your item to the UK Shipping Centre and the Programme takes care of the rest.

1. **Prepare the address label** - If using your own label, please find the appropriate address below and don't forget to **include the unique identifier code** on the second line. This is so the UK Shipping Centre can identify your item and send it to your buyer.

(UNIQUE IDENTIFIER- please check My eBay)
Pitney Bowes C/O Geodis Warehouse,
GSP, Unit 3 Dove CL, Fradley Pk
LICHFIELD, Staffordshire,
UK WS13 8UR

2. **Post your item** - Send it to the UK Shipping Centre and the Programme will take care of customs forms, import charges and international postage before sending it to your buyer. It's important that you **don't send your item directly to the buyer's home address** otherwise you'll miss out on eBay seller protection offered by the programme.
3. **Upload tracking information** - If you create postage labels using eBay, tracking is automatically updated for you. Otherwise, you can [upload your tracking information manually](#).

If your buyer contacts you about their delivery, inform them to check My eBay for international tracking updates.
