Hi Terrence

I am pleased to confirm we are free to quote you for the SpiroTrue H Flow sensors that are compatible with Hamilton Ventilators. The attached leaflet lists the models that we can confirm compatibility with.

Please note that the following pricing relates to part number 4310003, which is a pack of 6x flow sensors:

SpiroTrue H Flow sensor - pack of 6 pieces - part no. 4310003	1 = \$	25 = \$	100 = \$	250 = \$
(USD price per pack EXW)	47.88	41.04	37.62	34.20

If you require 50 sensors, then this would be 9 boxes (54 pieces), the price would be USD \$47.88 / pack of 6 EXW

If you require 50 packs, then this would be 300 pieces, the price would be USD \$41.04 / pack of 6 EXW

Best regards

Ryan
