Subject: Portable Oxygen Analyzer for O2 generation plant and similar projects

Dear Krishna,

Thank you for your enquiry.

I can confirm that the OxiQuant S is fine for this purpose. It is supplied with a 22mm I.D. to 22mm O.D. blue T-piece. If required, we can supply an oxygen concentrator adapter cap which connects to 6mm I.D. oxygen tubing.

I have attached our leaflet and instructions for use for your reference.

In order for me to give you a price, please can you confirm how many you were thinking of purchasing?

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Hi There,

Greetings!!!!

We have gone through your Product **OxiQuant S Oxygen Analyser** and found it an appropriate solutions for our application to check the purity of O2 level @0-100% Vol range.

Those are supposed to be used in O2 generation plant and similar other application.

Request you to advise more on this and share us the Best Offer for the same with lead delivery time. As you are aware about the Global Pandemic and are presently running through massive O2 shortage, hence we are associated to various project related to O2 generation plant and similar other application.

Hence request you to share us the appropriate solution as soon as possible.

Note: It should be a portable hand held device or similar as per the subject line requirement.

Your quick response shall be highly appreciated.
