Hi Lavina,

Thank you for your clarification.

Before I can issue a proforma invoice with carriage charges, I need to ask you which free of charge probes you require with the VM-2160?

The choices are as follows:

Silicone SpO2 sensor - adult 0014752

or

Silicone SpO2 sensor - Medium (small adult) 0014754

or

Silicone SpO2 sensor - paediatric 0014753

or

Silicone wrap sensor 0014851

or

Ear sensor 0014850

or

Finger SpO2 sensor (hard shell) 0014651

I have attached a leaflet to help you decide.

Please could I also check that you are aware there is a proforma invoice already against your account - MVM130867, by Alok TA.

Many thanks.

Kind regards

Kate Griffiths

Good morning Lavina,

Thank you for your email.

I do not understand what you require when you say disposable paediatric finger pulse oximeters. The **pulse oximeters** we sell are not disposable.

Please see link to our website and let me know which item you require.

The search box is at the top left hand side.

The VM-2160, part number 0012165 is now in stock. I would be happy to issue you with a proforma invoice once I know which other item you require.

Many thanks.

Kind regards
