Hi Eddy

Thank you very much. I'm guessing divers are dusting off their gear in anticipation of getting back into the water, as we have had a sudden influx of orders :-)

I am very sorry to say that we still do not have any R-33S1 or R-33DE sensors available, as there have been delays in manufacture. I am expecting to have the R-33S1 sensor for sometime late next week and we should have some R-33DE sensors in 2-3 weeks. Would you like us to ship the analysers and the R-33VAN sensors straight away?

Please can you confirm if you want the VN202 on it's own, with a DIN KIT or a Quick-OX?

I will await your reply.

Best regards

Ryan
