Hi Ryan

When can i expect my order to ship?

Best Regards

Jacek

Hi Ryan

I order these sensors 1 x R-33S1, 1 x R-22AT and 2 x R 17VAN

When they are available, send them

Best Regards

Jacek

Hi Jacek

Please accept my reply on Jean's behalf.

I can confirm the R-22AT has a thread and is compatible with the ATA and ATA pro.

We are short on stock of the R-33S1, I am expecting more in the near future. Did you want us to treat your email as an order for 1 of each sensor?

Best regards

Ryan

Hi Jean

I need a sensor for Mixcheck R-33S1 and for Analox ATA R-22AT.

And here we have a problem.

Please look at the photos. This Analox sensor 9212-94 has a threaded tip and the one dedicated by you R-22AT has a different tip.

Is the R-22AT has a threaded end?

Best Regards

Jacek
