Hi Vincent

I hope you and your family are keeping well.

The power supply in your picture is Version 2 (4420594), although these are no longer manufactured, we do have one available from stock.

4420594 - V2 Power Supply = USD \$50.45 each EXW

The Power supply will require one of the following adapter:

UK: 4430603

EU: 4430604

AUS: 4430605

US: 4430606

= USD \$5.85 each EXW

Once this stock is depleted, we can only offer an upgrade on your device to be able to use the latest version.

Best regards

Ryan
