Hi Martin

Thank you very much for your email. I have amended our system so your account does not require prepayment, you can pay for your orders within 30 days from the date of invoice.

We have the R-22VAN sensors available from stock.

I regret to inform you that we are currently out of stock of the R-33DE sensors. We are aiming to have them available by the end of July/ early August. I am very sorry for the inconvenience, these sensors are nearly always available from stock, but the pandemic has had an effect on production times.

Please can you let me know if you would like us to:

- 1) Dispatch the R-22VAN and leave your R-33DE on back order?
- 2) Dispatch the R-22VAN and cancel the R-33DE from your order?
- 3) Dispatch the complete order when all the items are available?

I will await your reply.

Best regards
Ryan
