Dear Patricia & John

I am pleased to inform you that your payment has arrived, but unfortunately it leaves another shortfall.

The amount received was \$6,532.36

If you remove the amount we have added to help cover the bank charges, this leaves a shortfall of \$61.22 + the short fall from your previous order of \$77.06

Total = £138.28

Would you be able to organise a payment for the shortfall?

Alternatively we can reduce the amount of Analysers from 41 to 40 pieces which will cover the costs and leave a small credit on your account?

Please advise?

Best regards

Ryan
