Good morning Quin,

Thank you for your order.

Please can you confirm if your company is also known as LV Shipping Limited or is this a different company altogether?

For the AN300 we have two options that it can include.

1) 1 x 0121250 Tyre chuck adapter, imperial to metric thread.
1 x 0121251 Tyre chuck, 8v, for use with automotive tyres.
(Has an 8mm automotive fitting)

Or

2) Instead of supplying the 1 x 0121251 above we can include an aircraft tyre adapter instead:
1 x 0121252 Tyre chuck, 12v, for aircraft
(Has a 12mm aircraft fitting)

Would you like to go with option 1?

The sensor for the AN300 is the N-33 which is not a stock sensor so the lead time for this will be approximately 3-6 weeks but this may vary depending on the situation of Covid19.

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Hello Zoey,

Our company name is Drilling Services Limited (DSL)

LV shipping is our freight forwarder, and a completely different company, we ship our orders to them.

As regards options, I will get back to you.

Regards

Quin

Subject: Re: Enquiry DSL 36323

Good morning Quin,

Thank you for your order.

Please can you confirm if your company is also known as LV Shipping Limited or is this a different company altogether?

For the AN300 we have two options that it can include.

1) 1 x 0121250 Tyre chuck adapter, imperial to metric thread.
1 x 0121251 Tyre chuck, 8v, for use with automotive tyres.
(Has an 8mm automotive fitting)

Or

2) Instead of supplying the 1 x 0121251 above we can include an aircraft tyre adapter instead:

1 x 0121252 Tyre chuck, 12v, for aircraft
(Has a 12mm aircraft fitting)

Would you like to go with option 1?

The sensor for the AN300 is the N-33 which is not a stock sensor so the lead time for this will be approximately 3-6 weeks but this may vary depending on the situation of Covid19.

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Please note: My working days are Monday to Thursday, 7.45am-6.00pm.

We are currently working remotely however telephone calls to the main office will still be answered.
