Hi Hussein,

Please see attached updated proforma invoice, showing 5 x 0110049 instead of 5 x 0110024. The carriage charges etc remain the same.

Sorry to ask again, have you been able to do what Ryan suggested - that the customer tries the UFO130-2 in another device please?

Please let me know if you require any changes to be made to the proforma invoice.

Kind regards

Kate Griffiths

Good morning Hussein,

An alternative to the R-24MED is 0110049 R-49V. This item is currently in stock. Do you need me to amend your proforma invoice?

Have you been able to do what Ryan suggested - that the customer tries the UFO130-2 in another device please? Will you send any sensors back.

Many thanks.
