Hi Kate,

I checked with UPS Taiwan and rep. told me that address was wrong, it cannot be re-route then it had to be return and resend with right address.

I rechecked PO in e-mail to Ryan and found that address of Supplier is incorrect, because it was my mistake to have our Israeli supplier instead. You did remind me that invoice to Taiwan but delivered to Israel, but I missed it.

Please call good back then resend it with our account number and please have delivery address to our address of Taiwan Office as header of PO (9F-2, No.11, Sec.2, Huannan Rd., Pingzhen Dist., Taoyuan City 32443, Taiwan ).

Please let me know if any question on this matter.

Best regards,  
Vincent
