Hi Zoey

The changes to be made to E1/160721 is :

Reduce the R22VA sensors down to 4 units  
Increase the R17med by 2 to make 10  
Add a line for R-49V x 6 @ 36.00 each

Thanks  
Cathy

Dear Piotr

In regards to the R-49V and R-24Med oxygen sensors are you wanting us to keep the R-24Meds at Qty 30 or reduce them down to qty of 24 as you want to take 6 x R-49V oxygen sensors. We will increase your R-17Med's to Qty 10 for you

Kind regards  
Cathy Green
