Dear Ryan,

Well noted and waiting your further information.
Thanks.

Dear Phoung,

We have some more stock that is currently allocated to other orders. We are going to speak with Maxtec this evening and see what their lead time is. If they have stock they can send straight away, it may be possible for us to utilise the reserved stock and supply the 220x in a single shipment from stock for you.

I will be in contact tomorrow morning.

Best regards
Ryan

Dear Ryan,

Yes. I need CO. If you can do 1 CO for 220pcs, pls do it. If not, you can do 2 CO for each PI.

Dear Phoung

Thank you very much, will you need a Certificate of Origin on each of the PI?

Best regards
Ryan

Dear Ryan,

R-22AVG is suitable with us. I will make order for both soon.

Dear Phuong

Thank you for your email.

We can have 100x Max250E ready straight from stock, the second 100 we can have available in 2-3 weeks.

The AO2 sensor in your picture is not for medical use, it is for automotive or industrial applications. I am pleased to inform you that we have two models available that would be a suitable replacement:

Viamed R-22AVG (part no. 0110182)

1 = \$ 29.90	10+ = \$ 27.80 each	25+ = \$ 25.90 each	50+ = \$ 24.30 each	100+ = \$ 22.90 each
-----------------	------------------------	------------------------	------------------------	-------------------------

100+ available from stock

Teledyne R-22AV (part no. 0110132)

1 = \$ 32.90	10+ = \$ 28.20 each	25+ = \$ 26.30 each	50+ = \$ 24.70 each	100+ = \$ 23.20 each
-----------------	------------------------	------------------------	------------------------	-------------------------

200+ available from stock

Best regards

Ryan

Dear Ryan,

I have plan to order 200pcs of Max250E next week. If you don't have 200pcs in stock, I will make 2 orders, 100pcs per each orders. Please advise me when you will delivery goods for each order.

Do you have AO2 sensor (as attached picture)? If yes, pls give me price.

Thank you,
Phuong.
