Dear Enrique,

Thank you for your email. Kate is currently on annual leave, so please accept my reply.

With regards to the sensor SEN2103P - our compatible sensor is part number 0110429 - MAX-250E - priced \$69 each. EXW

Unfortunately we do not supply a Flowsensor compatible with any Newport products - please see our website for the range of Flowsensors we can offer.

I hope this helps, please do not hesitate to contact me if you have any further questions.

Kind regards

Sophie Lines

Hi Enrique,

I have checked with our export manager and her confirms that **the only item we can supply from your photographs is the MAX-250E** - 0110429, the price is \$69 each. EXW. This item is currently in stock.

The limitation with the breathalyser is that it will **require calibration every six months, that means returning the device to us twice a year.**

We have two breathalysers, neither of which are currently in stock:

AlcoTrue C Breathalyser, part number 4710015, the price of this **when ordering ten** is \$231 each EXW. The other one is AlcoTrue P Professional Breathalyser the price of this **when ordering ten** is \$495 each EXW. I have attached leaflets.

Whilst working remotely, I am unable to send price lists at this time. If you let me know which items you require, I will happily provide the prices for you.

Many thanks.

Kind regards

Kate Griffiths
