Dear team,

We are currently searching for an replacement Phototherapy eye protector product for our neonatal patients.

We have seen the below via your website and would like to request a sample and details of these products please.

Can you please advise if there is a recommended duration of use for either product range?

Do the products contain latex?

What is the supply route available?

For information –

As a Trust we use MIA/LSI credentialing. We require all healthcare representatives, engineers and associated colleagues to have a pre-confirmed appointment with a member of the GOSH team prior to booking a site visit through MIA and attendance on Trust premises.

As a Trust, GOSH has a no cold calling policy.

Please access <https://www.miaweb.co.uk> for general details and to book your site visit.

Please review copy of GOSH launch letter, which contains details of specific trust requirements. This is available at <https://www.miaweb.co.uk/downloads/implemented/MIA-Implemented-launch-letters.pdf>

Kind regards,

Catherine
