Hi Sarah

Thank you for the update on our order. In our system it is not possible to make the changes that you have advised so please simply supply as per your order confirmation. We will receipt the goods that we receive and this will then match your invoice. The items that you are unable to supply will simply stay as that on the order. We do not require a part shipment of the 1 item in stock, only request that it is reserved for us.

Hope this helps

Best regards
