Hello Sophie,

Hope you are well?

Please can I order 12 x KE-25 sensors. If you can send me a proforma invoice, I will arrange for immediate payment?

Also, please can I order 2 x MAX-14 (0110466)so we can test their resistance values for compatibility with our systems?

Best regards

Ian

Dear Ian,

Thank you for your email.

I can confirm the price for the KE-25 (unterminated - part number 0110524) is £49.60 each (excluding VAT) and delivery would be free of charge. We have these available in stock. \*Please note, our system states that this sensor is not approved as a medical product, and is only suitable for non-medical applications.

You may be interested in a CE marked alternative - the MAX-14 (0110466) at £78.40 each - however, these are not a standard stocked item and there would be a lead time of approximately 4-6 week for this sensor.

If you require any further information please do not hesitate to contact me.

Kind regards

Sophie Lines
