Dear Ryan,

in agreement with our service engineers, we will start with a small sample.

What we want to do is run ATOM & COMEN incubators and Fabian vents with the new sensors. We want to be careful, especially with Fabian vents, where we noted huge troubles with OOM204 sensors.

Attached please find our order #F210100.

Best Regards,

Julius

Dear Július

Thank you very much for your reply.

Please find our distributor pricing and information below, prices in EUR, EXW

0110047 - R-47V = EUR €55.20

Current stock is allocated against orders, we are expecting more stock to be available 23/09/21

0110020 - R-22Vi = €30.20

Bulk of stock is allocated against order, but there is a small amount of stock available. More stock available 17/09/21

0110039 - R-22VA = €32
0110073 - R-22VA (matched pair) = €64 / pair
We have stock available and more scheduled for 23/09/21

0110022 - R-22MED = €30
Stock available

0110437 - MAX-250(B)-SLE
We can no longer supply this sensor variant with the connector fitted. However, we can supply the sensor and the connector separately:
0110432 - MAX-250(B) = €58.50
0131527 - 3 pole connector = €4.65
We have stock available

0110560 - OOM111 = €57.75
Stock available

I look forward to your feedback and any questions you may have.

Please have a great weekend,
Ryan

Dear Ryan,

thank you for your information.

We looked at Viamed web page and see no reason why we shouldn't try it.

We are interested in following O2 sensors:

- **0110047** (for whole "new" Fabian line, replace for OOM204)
- **0110020** (for "old" Fabians, replace for OOM102)
- **0110039** (for ATOM Incu line), also please 0110073 (according to Viamed cross reference guide it is also for ATOM incubators ??? We are using for all ATOM incubators OOM102)
- **0110022** (for Comen Incubators, replace for IN-Q-OX)
- **0110437** (for SLE ventilators)
- **0110560** (for OxyQuant and MySign monitors, replace for OOM111)

We are interested in availability and of course price.

Many thanks in advance.

Kind Regards,

Julius

Dear Sir or Madam

After looking at your website I thought you may be interested to know that we supply a high quality 100% compatible Oxygen sensor for use in the Atom Incubators.

Please just let me know if you would like more information or if you have any questions.

Kind regards
Ryan
