Hi Sarah

Please can you pop this order on and stick it on an 8, I will have to speak with Steve at some point and see if we can still do this. We did offer to do them back in January.

Thanks
Ryan

Dear Sirs.

Currently we are ready to order hoods. Please see our order enclosed, send us official proforma and start manufacturing.

Please inform as well planned weight and volume to check and decide about delivery way to Russia.

Best regards, Ilia

Hi Ilya

I have had confirmation that we can still purchase the materials and supply the PP8533 hoods (non CE Certified), but the price of the materials has increased, the new price would be USD \$171.70 each EXW - Delivery would be approximately 6 weeks from receipt of order.

With regards to the MX300, Teledyne have stopped manufacture, but we have 10x left in stock. Unfortunately these were also purchased at a higher price that Teledyne introduced at the beginning of the year:

MX300 - 0111235 = USD \$450.00 each EXW

Please let me know how you would like to proceed?

Best regards

Ryan

Dear Ryan and Sarah.

We plan to take again hoods and O2 monitors. Last time you told us that if we take 50 pcs of hoods we can order.

Therefore I enclose here our request, please check and confirm us such prices and quantities, after that we will send you official order.

Best regards, Ilia
