Good Morning,

As per the instruction from Winstone Gondwe below, please can we use their PO 319122992 (CVM132352 dated 18/06/2021) for the current service visit for Royal Albert Edward Infirmary and consider CVM125938 as a missed year due to COVID-19 and delete it off the system.

Thanks,

Steve

Good morning Winstone,

Have you had a chance to look at the emails below forwarded to you by Danielle in Procurement?

Our engineers are back out doing field servicing again following the COVID-19 restrictions and we need to know how to proceed.

In short, we have 2 purchase orders but we can't perform the service visit until we know which purchase order the Trust wishes to use.

Thanks in advance and I look forward to hearing from you.

Regards,

Hi Steve, thank you for your email.

[@Gondwe Winstone](#) could you please advise what you think is best? Should we consider last year a missed year of service due to covid?

Thanks

Danielle Johnson

Good morning,

Please could I ask that someone take a look at the email below and provide a decision on what the Trust would like to do with the 2 outstanding purchase orders for maintenance contracts?

Also, please can you provide the direct email address for a contact in the Medical Engineering Department that we can liaise with to arrange the service visit?

Thank you in advance.

Hi Danielle,

Due to complications caused by COVID-19 and the restrictions that it imposed upon us, Viamed has not been able to complete field service visits over the last year. With restrictions coming to an end, we are now looking to resume service visits.

We have on our system the following 2 purchase orders for service of the Viamed resuscitation cabinet systems in Maternity at Royal Albert Edward Infirmary (attached):

- Ref 319109663 - dated 20/10/2020 for the service period 01/04/20 - 31/03/21 (which has now passed).
- Ref 319122992 - dated 18/06/2021 for the period 01/04/21 - 31/03/22.

As the first service period has passed, I suggest that we need to cancel that order and consider it a missed service due to COVID-19, then get these systems serviced as soon as possible on the second purchase order to get back on track.

Please could you confirm whether this is the best resolution for the Trust or would you prefer us to use PO Ref 319109663 for the 2021 service visit (likely to be completed September 21) and forward date PO Ref 319122992 for September 2022?

I also have one more query: the delivery address on PO Ref 319122992 is to Buckingham Row WN1 1XX, would this be best changed to Maternity Unit at RAE Wigan?

Thanks in advance and I look forward to hearing from you so that we can move forward with this and get these systems back into the servicing schedule.
