CUSTOMER ENQUIRIES

1.1 Telephone Enquiries

- 1.1.1 If the Telephone, Fax or email is used Viamed must assume the enquiry is urgent and any unnecessary delays could prejudice our existing goodwill and future business.
- 1.1.2 Record in your diary and/or Intrastats:-
Name : Department, Hospital
Companies Name, Company Address, Email, Telephone and Contact Details
- 1.1.3 Enter into Goldmine

1.2 Technical Enquiry

- 1.2.1 If the enquiry is simple, give answer - Use Data Sheets/Intrastats where applicable
- 1.2.2 Possible equipment failure, do a Warranty Check using the Stock Book/Intrastats .
- 1.2.3 If failed under warranty:
Small items e.g. sensors offer replacement same day on no charge Invoice – Must be signed off by a director.
Customer to be informed that a chargeable invoice will be raised if on receipt no fault is found. Alternatively the customer must send goods to Viamed first for inspection. If a large item, ask for it to be returned. If customer is reluctant arrange to send engineer or sales engineer as soon as possible.
If urgent Bleep or 'phone relevant person with regard to area normally covered.
Raise Intrastat Issue to relevant person.
Enter into Goldmine
- 1.2.4 For a non-warranty repair, request the customer returns items to Viamed or offer a chargeable on site visit.
Obtain Order number and any special instructions.
- 1.2.5 Where the enquiry is not readily answerable:-
Obtain Equipment Type and Serial Number, and general details of problem. Record in Diary/Intrastats:
Pass on to Engineer or Director.
When no answer can be given take Telephone number and create an Intrastat Issue to MD/FD and/or relevant Engineer ensuring it contains the following: Date : Name : Department : Customer : Telephone : Equipment
Serial No: : Warranty Y/N : Description of fault.
Enter into Goldmine
- 1.2.6 Customer Returning Goods, Generate a SRS Number from Intrastats and fill in appropriate fields. SRS number should be quoted to the customer to place on packaging

1.3 Price Enquiries

- 1.3.1 Obtain prices from Intrastats/Opera (stock items) or Standard Price Guides.
- 1.3.2 Intrastats will be the most accurate for regularly supplied items.
