As you said the price is increased, I know current situation but business needs to be going on.

We'd like to order 500pcs R-17MED oxygen sensors. Could you send PI to me so that we could arrange the payment.

Hi Elaine

It is great to hear from you. I am very well, thank you. I hope you are too?

We can have 500x R-17MED available for you in approximately 4 weeks time.

Unfortunately Teledyne have increased the pricing of the R-17MED sensors and no longer offer us the special discount we used to receive for sensors supplied into China.

The current price would be USD \$34.50 each EXW

I look forward to hearing back from you and please let me know if you have any further questions.

Best regards
Ryan
