Dear Hanson,

Thank you for your reply.

We can still get the AX300 but unfortunately only in large volumes.

The lead time for the UFO is going to be approximately 3-6 due to a high demand of back orders.

Would you like me to go ahead and process your order for 20?

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Please note: My working days are Monday to Thursday, 7.45am-6.00pm.

We are currently working remotely however telephone calls to the main office will still be answered.

Zoey,

The old users still want the AX300, If it is difficult to get it, I will try to recommend the MAXO2.

Please prepare the 20 pcs UFO-130-2 firstly. What would be the lead time for it?

Thanks & Best Regards

Dear Hanson,

Thank you for your email.

We can still supply the AX300 however it is no longer covered by CE certification so we do not stock this item. We can get them from the manufacturer but only in large volumes. We do have alternative Analysers that we can offer.

Please can you confirm what the Analysers would be used for so I can offer a suitable replacement? Would you also require alarms?

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal
