Dear Sir or Madam,

I am looking for a replacement for the oxygen sensor MOX-3 from City Technologies / Honeywell (see [data sheet](#)), which according to your homepage is compatible with the **MAX-3 (item number: 0110403)** .

I would like to know if this sensor is available? I only need 1 piece .

If so, at what price (including shipping costs to Switzerland) and what would the expected delivery time be?

Thank you in advance and best regards,

Fabian Braun
