it's a shame that the
output control doesn't go
any lower than one milliamperes
- this still produces quite a
strong contraction of muscles if
the needle is right next to a
nerve.

Dear Miss Sessford,

Many thanks

for the 14 day loan of the
Anaestum nerve locator. I enclose
a cheque for £117 payment.

I am quite pleased with the
instrument, the only criticism
of it that I've got, is that

Many thanks

M. B. Hoover.
