Hello Ryan,

Thanks for clarifying that. The sensors will be bought through our training company.

STATS 2000
12 Coulston Road
Lancaster LA1 3AE

Phone 07766287097

A trade discount would be welcome.

We can pay by bank transfer

Please quote for one each of.

ATA: R-22AT
O2 EII: R-33DE
Plus postage

Best regards

C Stewart Meinert
ASSET Chief Instructor

Subject: Re: Analox O2 cells

Dear Stuart

Thank you very much for your enquiry.

I have listed the sensors you require below:

ATA: R-22AT = £45 each EXW
O2 EII: R-33DE = £45 each EXW
Postage by RM Signed For to a UK address = £6

Total including VAT = GBP £115.20

Please can you let me know if the sensors are to be invoiced to ASSET? If so, we may be able to look into trade pricing for you.

If you would like to proceed with an order, please let me know your complete delivery/invoice address details. If you would like to pay by bank transfer, I can send you a quotation with our account information or you can give us a call with your credit card details.

I look forward to your reply and please let me know if you have any questions.

Best regards
Ryan
