Hi Hussein,

Thank you for your email. Ryan has confirmed that the T-7V (0110058) is a suitable alternative/is compatible with the MOX-4. We have the T-7V in stock.

Unfortunately, I am unable to tell which sensor you need - "Drager anesthesia Machine Oxygen Sensor". Are you able to give me more information please?

Thank you.

Kind regards

Kate Griffiths

Viamed is now enacting a coronavirus contingency plan to allow sales and admin staff to work from home, and I am now working remotely. Telephone calls to the main office will be answered remotely, but please continue to use email where possible.

Hi Ryan,

Should I offer the T-7V for the Mox-4 please? Hard to tell from i/stat photos if it is the same. I will ask for more details regarding the Drager sensor he mentioned.

Thank you.

Kind regards

Kate Griffiths
