

Declaration concerning REACH Regulation

In the sense of REACH (regulation (EC) No 1907/2006 of the European parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)) the products delivered to our customers are articles (not chemicals or mixtures), which are not intended to release any substance under normal and reasonably foreseeable conditions of use.

The REACH directive together with the European Chemicals Agency (ECHA)'s Candidate List of Substances of Very High Concern (SVHC), specifies restrictions and a threshold limit regarding all chemicals on the Candidate List.

bluepoint MEDICAL GmbH & Co. KG hereby confirms that below listed products do not contain any substances identified on the current Candidate List of SVHC above the threshold (>0.1% by weight). We will comply with article 33 of the REACH directive and inform our customers immediately if substances in our products above the limit of 0.1% by weight are considered SVHC according to the continuously updated Candidate List. Based on our current knowledge we don't expect that to happen.

Product list:

No.	Order Number (REF)	Product	Description
1.	8090121313V	Sampling Line H	LLM line only, 2,5m, LLM connector, disposable, box of 25 pcs

This declaration represents bluepoint MEDICAL GmbH & Co. KG's knowledge of the manufacturing processes and materials used which is partially based on information provided by third party suppliers.
