Good afternoon Sarah,

Thank you for your order.

I have spoken to my colleague in the technical department and he says we now advise the use of the R-24MED (0110024) for the Hamilton G5.

The R-22MED (0110022) still works in the Hamilton G5, but it is not the one we consider directly compatible and the output is slightly lower. They are both the same price and both are in stock.

I will continue with your order as I can see you have ordered these for at least the past year. I just wanted to give you the option.

Many thanks.

Kind regards

Kate Griffiths
