Hi Sarah

Thanks for that. Revised price is fine.

Regards

**Julian Sparrey***Technical Director*

**Subject:** Re: MAXO2+AE Scuba Oxygen Analyzer

Good morning,

Thank you for your purchase order.

Please be advised that the unit prices for the R-17MED and R-22MED on the PO are incorrect.

These sensors have quantity discounts so for purchasing 2 x R-17MED the unit price is £40.00 and £38.00 when purchasing 6 x R-22MEDs. Please can you confirm that you are happy to proceed at these prices.

Kind regards

Sarah Walton

Hi Steve

Thanks for coming back to me with the options. We have been all out on site right through Christmas so only now getting to order.

I have looked at the Vandergraph unit specification and believe it will suit our purposes as a back up monitor – alternative to the old GB300.

I have attached a PO for 8 of the VN202 (non auto off version) also a couple of the R17-MED sensors and 6 of the R22 sensors. We are switching our main oxygen monitoring device over to using the R22 as it has a molex connector which has proved to be much more reliable than the jack plug on the R17.

Kind Regards

**Julian Sparrey**

Hi

Please could you send us a quotation and expected delivery for 8 (eight) MAXO2+AE Scuba Oxygen Analyzers.

Also we need to order 10 R-Med 17 sensors.

All for urgent delivery/collection if possible.

Please could you give me a ring on Monday morning on 07711 920911, I will be out on site but will try and take your call. If you cannot get me could you try Neal Samet on 07495 466052.

Thanks in anticipation.

Kind regards

Julian
