Hi Kate,

Please provide your signature with a stamp on the updated invoice. It is mandatory for bank documentation for payment.

Thanks,

Hi Kate,

Thanks for your quick response earlier.

We wanted to do the payment, submitted the documents to the bank but due to some reason documents came back to us. The performa invoice was valid by 26th December 2021. Kindly share updated performa invoice so that we can do the payment this week.

Thanks,
Pritee Dehukar

Good morning Pritee,

Please see attached proforma invoice as requested. Please let me know if you require any changes to be made.

I am unable to give an expected delivery date due to the global shortage of components. All I can say is the lead time is expected to be approximately 10 weeks, but this is subject to change. I am sorry I cannot be more specific.

Many thanks.

Kind regards

Kate Griffiths

Good morning Pritee,

Thank you for your email. The price of the V1000, part number 1410000 is \$950 (USD) EXW.
Unfortunately, there is a global shortage of components for this device, so production has stopped until we can rectify this.

The very approximate lead time is 9-10 weeks.

This item does not have a CE certificate, as it is a non medical device (test equipment).

If you require a proforma invoice detailing carriage charges, bank charges and insurance, I would need your invoice and delivery addresses in order to set up a new account for you.

If you prefer to wait until we have stock before receiving a proforma invoice (which is only valid for 30 days), I could let you know when production is resumed.

Many thanks.

Kind regards

Kate Griffiths
