Hello Ryan

we would like to order som cells from you 😊

anyway hare is the list of what we would like to oorder

4x r22vi for mps trimix continious mixer

6x r17 van

3x r33de

2x r33s1

2x r22aex

4x r22 van they fir thew divesoft analyser ?

I haave a faulty cell here bought by a friend. Bought from kent diving services. its a r33de cell but it only gives out max 10% on the analyser. we have tried two different analox ell now
snr 100003 L0 bought 19.3 newer worked after reciving it.

Tor Arthur

Hi Tor

No problem, I have updated your account with your new VAT number. the number will now appear on your future invoices.

Best regards

Ryan

Hello Ryan

You need to delete our old vat nr from your system 893317562 since ups uses that to find where to send the vat bill.

now i got the bill on me personally...

use 913 073 037 then evrything will be perfect.

Dear Tor

Thank you very much for your order.

The R-22VI are a medical sensor, our R-22VAN are a suitable replacement, we will add 4x R-22VAN for the MPS and 4x R-22VAN for Divesoft.

We will add a R-33DE free of charge as a replacement for sn: 100003. Would it be possible to send the faulty sensor back for investigation? If it is a problem, please don't worry.

I regret to inform you that we are currently out of stock of the R-33S1 & R-33DE sensors. We are aiming to have them available by mid June. I am very sorry for the inconvenience, these sensors are nearly always available from stock, but the pandemic has had an effect on production times.

Would you like us to part ship your order or wait until we have all the items available?

Best regards

Ryan

ship what you have for now :-)
i can take a measurement of the voltage on the r33de cell to see if there is a low voltage output.

Hello Ryan

Happy new year 😊

We need more cells over here
we would like to order 2x r33DEM and 4x r33DE

what is the price for a pulse oxymeter ? my old one the display died on. typical Oled problem.

are cells supply getting better or is it stil chaos ?

Good morning Tor Arthur,

Thank you very much for your email order.

The OLED Finger Oximeter is £22.00 each.

Unfortunately we do have a delay on the R33DE's at the moment and do not have a definite date yet.

Would you like to add the Finger Oximeter to the order and we can ship the whole order when everything is available?

Very sorry for any inconvenience this may cause.

Kind regards

Gail Bell
