Hi Kate

Thankyou for the prompt response.

I would like to look at purchasing the following

- Analytical Industries All 2000 A O2 Analyser,

It is going to be used intermittently for checking and testing one of our MRI clinical rooms so feel this is the best option. I see it has relatively short battery life but for this use we feel it is perfectly fine and well priced.

Can you confirm the price, delivery time and raise an order please?

Regards

Hi Kate,

Hope you are well.

Can I ask for a quote for the main O2sensor units?

The AX-300, MX300, and also the MAXO2 ME.
