Hi Ryan,

I am in the UK and would like to order the 3 analysers as per your email last year. No problem if the price has changed, just let me know the new rate. However, shipping will be within the UK to the address as follows so please adjust the shipping rate and also include VAT.

Can you include a signed VAT refund form for export? Not sure if you can do that, but if you can then I will get the form stamped at the airport when I return to the Philippines later this month so that I can reclaim the VAT. I would need to get the package delivered to London on or before January 27.

Order is 2 x R17van and 1 x R22van [for divesoft trimix analyser]

Address for delivery. Richard Kirkham, [35 Parish Gate Drive, Blackfen, Sidcup DA15 8TJ](#)

Cheers

Richard Kirkham

Dear Rick

Please accept my reply on Jean's behalf.

Please find your quotation attached, I have based the pricing on delivery to China or Hong Kong.

Please let me know if you have any questions.

Best regards
Ryan

Hi Jean

no rush, as I need to find an address to send to abroad, but could you send me a quote for the following

3 oxygen sensors for Tek Ox

1 oxygen sensor for divesoft trimix analyser - [22S?]

Please quite excl.VAT - probably shipping to either China or HK

Thanks

Dear Rick,

Please see the 2 proforma invoices. We will need to charge UK VAT on the UK delivery.

Please check the delivery addresses are correct. Should the UK address include a Company name?

If all are OK I can ship immediately. I will include the invoices with the goods.

Bank details: Barclays bank: sort code 20-78-42 Vandagraph A/C 90903124

Hi Jean

thanks for the invoice and sorry for the slow reply

I will go ahead with the order with a slight change. I need one of the sensors ASAP so can you send me that separately to my friend's London address please, He will hand carry it out on Dec 16. No problem for extra postage, though you may need to separate into two invoices. Can you please send me the revised quote as well as your UK bank details. I can pay using my Barclay's account online so can have the money there as soon as you send the quote

The second sensor and the Tek-Ox goes to HK

First sensor

Dear Rick,

Thank you for your enquiry. Please see attached a proforma invoice showing costs to send to Hong Kong.

If you prefer shipping by UPS I will need full physical address in Hong Kong. If you decide to go for only the sensors the shipping cost will be less - let me know if you need cost.

Hi Jean

I need to order two more sensors for the Tek-ox. Also, I would possibly like to order one more tek-ox. How much are they? Please quote VAT free for carriage to HK

Thanks

Rick
