Hi Kate

I am happy to wait at present. Thanks for the update. Fingers crossed.

Regards

Graham

Good morning Graham,

Unfortunately it is not good news about the Foetal Heart Simulator. Our Commercial Director is still having great difficulty in sourcing the components required for the production of the V1000. At this moment in time we are unsure as to when production will resume.

For this reason, we are advising customers, in case they prefer to ask us to remove their order.

We apologise for the inconvenience that this causes.

Many thanks for your patience.

Kind regards

Kate Griffiths
